

ZEP-RE (PTA Reinsurance Company)

TRAINING PROGRAMME 2015

INTRODUCTION

VISION AND STRATEGIC FOCUS

ZEP-RE's vision is to become a world-class leading reinsurer in Africa.

To achieve this objective the Company has been focusing on various key strategic business objectives, including but not limited to; identifying, developing and maintaining a sustainable business growth model that emphasizes on efficient service delivery to customers and value addition, profitability resulting in the enhancement of shareholder value; adopting and implementing best risk management and governance practices and improving the Company's image and brand.

TRAINING MANDATE

ZEP-RE is mandated to facilitate the training of insurance and reinsurance industry personnel in the Sub-Region and across its markets: provide technical assistance to the insurance and reinsurance institutions of the Sub-Region and fostering the development of the insurance and reinsurance industry in the COMESA Sub-Region; promoting the growth of national, sub-regional and regional underwriting and retention capacity; and supporting sub-regional economic development.

In fulfilling these fundamental objectives of ZEP-RE's formation by the member states of COMESA, the company provides training to its cedants across all of its markets in Africa through structured fit it all workshops and tailor made in house programs for individual companies in insurance, reinsurance and risk management. An average of fifteen workshops are organized and conducted annually with an average attendance of over thirty (30) participants per workshop.

For the year 2015, we have structured and scheduled the following workshops:
